A Message from Steve Frankham MBE

Chairman, Frankham Group

Welcome to the Frankham Group's Fourth Annual fundraising lunch, as ever, all the profit made today goes straight to The Chandran Foundation.

This incredible charity provides various initiatives including breakfast and life changing tuition programmes for school kids that are less fortunate than our families.

Today is always very important to us at Frankham as we are committed to giving back to the communities where we live and work – it's a genuine heartfelt approach to our corporate social responsibility. Please contact Chitra if your company would also like to support this worthy cause.

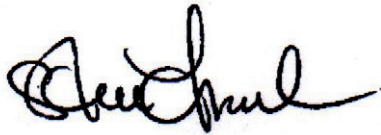

Today is not only about raising money, but also having fun watching great acts and the opportunity to network with many great friends who work in our fantastic construction industry.

As always, I cannot thank you all enough for your generosity and support. A special thank you to those of you who year in year out help with auction prizes, you are all stars.

So, all I can ask is that we all dig deep whether it's for the table raffle or auction prizes because every penny helps.

Our goal today is to smash last year's fundraising record of approx. £90k please help to make this happen.

Onwards and upwards.

Steve Frankham MBE

A Message from Chitra Chandran

CEO, Chandran Foundation

Young people are the future - my father recognised that. By empowering them to reach their full potential, and become active contributors to society, we can create a better world for everyone. It's a privilege to continue my father's legacy, and his vision will drive us forward as we seek new solutions to increasing inequality.

The cost of living crisis has exacerbated hardship. According to the Food Foundation, the amount of children experiencing food insecurity has almost doubled in the last year. We are working with more schools than ever to fight this trend, and offer holistic support to help children through this time.

These events are vital to funding the work that we do. We are so grateful to Steve, his team and this inspiring construction community for supporting us in our mission to empower young people.

We have recently started to collaborate with companies, like Breyer Group, to meet their social value commitments. Don't hesitate to reach out, if we can help you in the same way.

With your support, we will continue to grow, reach even more children and work towards a brighter future.

Thank you for placing your faith in us; we can make a real difference together.

Chitra

CF's Story

The Chandran Foundation was founded 26 years ago by Captain Chandran MBE OBE upon his retirement. Having emigrated to the UK in 1965, he hit his stride in the social housing movement as an advocate of and campaigner for marginalised people long neglected by mainstream organisations.

As CEO of Presentation Housing Association, he grew the organisation to become the country's largest housing association led by people of colour. This role gave him a unique insight into the barriers to education and success that so many young people in this country faced, and still face today.

Since then, CF has been committed to the empowerment of young people.

Nutrition

No child should go to school hungry. We provide healthy meals, both at breakfast clubs and at home, to ensure children are ready for the classroom.

Tuition

We offer after-school tuition in English and Maths for children whose families cannot afford a tutor. Working in small groups, our highly-motivated tutors provide tailored support to build children's confidence and raise their attainment levels.

Ambition

We provide a range of interventions to support the aspirations of children facing hardship. Our bespoke mix of mentoring and wellbeing programmes give children the confidence to thrive both inside and outside the classroom.

Make a Pledge

We understand that we can support each other in delivering meaningful social value collaboratively.

We are inviting organisations to make a pledge for one (or more) of the following interventions to collaborate on social value.

3 Interventions

£2,499.71

Fund a 30-session programme of literacy and numeracy, online tuition for one group of three students, providing a much-needed intervention for children experiencing socioeconomic barriers to learning.

£899.70

Financial donation of £899.70 - 30 sets of good-quality headphones, an essential tool needed by schools and children.

£500

Fund one refurbished laptop and six months wi-fi access for a digitally excluded child.

CF tutoring works to tackle the education gap by empowering disadvantaged children to make the most of their education and break the cycle of poverty.

Social Value outcomes through the National TOMs (Themes Outcomes & Measures) outputs such as Building Healthier, Safer & More Resilient Communities is just one of the outcomes that can be achieved through collaborating with Chandran Foundation. Home computers and access to internet outcomes measured through HACT UK Social Value bank, are others.

- Addressing digital poverty, education, and social inequalities
- Promoting the construction industry through our school engagement
- Improving wellbeing outcomes for those most in need of a healthy start in life

Mark Walker

Mark Walker is the son of Roy Walker of Catchphrase fame, but doesn't hold that against him.

He's funny. Born in Ireland, the nomadic former pebble dasher and pub rock singer found himself in Grimsby before he found himself converted to the world of comedy. A straight actor, who has appeared in such low key productions as Starlight Express and Heavenly Bodies, larger than life comic Mark has enjoyed two sellout series at Edinburgh and various guest appearances on BBC1, Channel 4 and Channel 5, as well as presenting Britain's Wildest for Sky One.

Emmanuel Sonubi

London based Emmanuel Sonubi's career in Comedy started only a few years ago and quickly grew from strength to strength earning himself a reputation as "one to watch out for". A regular favourite on the live comedy circuit, he has become one of the most sought after acts working today. As seen on the recent series of 'Live at the Apollo' 'Comedy Centrals Stand-Up UK' and the 'ITV2's Stand-up Sketch Show', Emmanuel's credits continue to grow as does his popularity with audiences around the world.

"One of my favourite discoveries of the year, was Emmanuel Sonubi. Hilarious, warm and unique. If you don't see him now for a tenner, you won't be able to smugly tell your mates about it when they're paying £50 for a crap seat at the O2" **Jason Manford**

Adger Brown

Adger is one of the South's leading and most sought after mainstream comedians. A veteran of the after-dinner circuit and a consummate professional. He has performed with many sports stars and celebrities at events up and down the country.

Now with over 30 years' in show-business, Adger works mainly on the Corporate and Sporting dinner circuit along with Corporate and Charity Golf Days. He is an active member of The Variety Club Golfing Society, A Barker with The Variety Club of Great Britain and a proud member of the Grand Order of Water Rats.

Banksy "Girl with Balloon"

Kindly donated by Lee Spink

Girl with Balloon is perhaps Banksy's most notable and iconic work. It is also often referred to as "There is Always Hope." A 2017 public poll ranked Girl with Balloon as the UK's number one favourite artwork. This iconic visual first appeared in London's Southbank in 2002 and was accompanied by the quotation "There is always hope". The prize you are bidding for is open edition unsigned print of a photograph of the original mural.

Banksy "Rage, The Flower Thrower"

Kindly donated by Lee Spink

An iconic Banksy image featuring a man dressed up in traditional riot gear, with a bandana obscuring his face, and his cap on back to front.
